PRIORITY 1

LITERACY

All pupil learning has been accelerated with RWI where phonics, blending and writing are taught simultaneously. The Fresh Start element successfully supports all children with additional support needs.

Since the introduction of Talk for Writing (TfW), the standard of writing has improved for all learners with a few exceeding expected standards. This will continue to be led by our TfW lead. Almost all children in P1 are confident story tellers through the introduction of Helicopter stories and latterly TfW.

PRIORITY 2 ATTENDANCE

Early days of monitoring but some evidence of increased attendance resulting in better routines for almost all children and the potential for higher rates in attainment.

What is our capacity for continuous improvement?

All staff regularly set high expectations they have for the children in terms of behaviour, learning, positive destinations etc. Most children are enthusiastic about learning and enjoy school. The actions of all staff and almost all children show that our values of Ready, Respectful and Safe are living values with most children managing themselves well in a range of social situations

NOTES

PRIORITIES FOR 2025-2026

Our improvement efforts will concentrate on four key areas identified through self-evaluation as being essential next steps for our school

- Literacy
- Learning for Sustainability
- Pupil Leadership
- Assessment

Our School and Nursery Values
Ready Respectful Safe
