SIMD 1-3

PRIORITY 1 LITERACY

Almost all children have the skills for writing and are able to apply writing skills in all applications of their learning.

We have created a culture of writing for enjoyment and success by

- Celebration of writing events at assemblies
- Sharing writing with a wider audience i.e across the school and with families
- Ensuring all staff have a shared understanding of how we will make the desired change.

PRIORITY 2 PUPIL INFLUENCE

Pupils have a valued and meaningful influence on the whole school culture. They have:

- Increased their confidence and communication
- Improved teamwork and relationships
- Decisions are shaped by pupil input

What is our capacity for continuous improvement?

All staff regularly set high expectations they have for the children in terms of behaviour, learning, positive destinations etc. Most children are enthusiastic about learning and enjoy school. The actions of all staff and almost all children show that our values of Ready, Respectful and Safe are living values with most children managing themselves well in a range of social situations

NOTES

PRIORITIES FOR 2026-2027

Our improvement efforts will concentrate on four key areas identified through self-evaluation as being essential next steps for our school

- Numeracy & Maths
- Whole School Approach to Racism
- Assessment

Our School and Nursery Values
Ready Respectful Safe
